

# George Hughes

[georgehughes.work](http://georgehughes.work) | (206) 719-9268 | groberth@live.com | Tacoma, WA

A skilled technical professional with a strong background in software development, specializing in the design, creation, and maintenance of web and mobile applications. Proficient in multiple programming languages, frameworks, and development methodologies, with hands-on experience in full-stack development, API security, and cloud-based solutions. Adept at troubleshooting, optimizing system performance, and implementing secure coding practices to enhance application security. Currently pursuing a Master's of Science in Cybersecurity to transition into the cybersecurity industry, with a focus on network security, vulnerability assessment, risk management, and threat detection. Passionate about leveraging technical expertise to protect digital assets, ensure compliance with industry security standards, and contribute to building more resilient and secure systems.

## **CORE SKILLS:**

Full Stack Development • Secure Coding Practices • Agile Development • Cybersecurity Frameworks (NIST, CIS Controls) • API Security • Incident Response • Security Engineering

Tools: Java, Python, JavaScript, HTML, Git

## **CAREER HISTORY:**

### **City of Fife, Fife WA | Aquatics Leader 3**

*Apr 2024 – Present*

- Involved in all aspects of aquatic operations including swim instruction, facility maintenance, and lifeguarding, to ensure a safe, enjoyable, and efficient aquatic environment.

### **Capgemini, Seattle WA | Technical Consultant**

*Jan 2022 - Sep 2023*

- Contributed as an Angular developer to the revamp of a critical internal scheduling service for a Fortune 500 entertainment enterprise.
- Managed cross-functional teams and developers in security-conscious development environments.

### **Continental Technologies, Tucson AZ | Mobile Developer**

*Dec 2019 - Jun 2021*

- Identified and remedied bugs in mobile applications, ensuring reliable networking and functionality while following Agile practices and secure coding principles.

### **TracTru, Tucson AZ | Web Developer / Data Analyst**

*Sep 2019 - Apr 2020*

- Documented and enhanced solution architectures, ensuring robust and secure client-facing platforms.

## **EDUCATION:**

Western Governors University | M.S. Cybersecurity (*Expected Graduation: Nov 2026*)

University of Arizona, Tucson AZ | B.S. Information Science & Technology
